1.0 INTRODUCTION

Indus Valley School of Art and Architecture (IVS) believes in providing education to people coming from all segments of society. It promotes the philosophy of equal opportunity and education for all in an inclusive learning environment.

IVS offers interest free Financial Assistance and Scholarships to the new students who have been selected on merit to join or existing students who due to the changed circumstances are finding it difficult to pay their fee. The students have to go through an application and interview process before the Award Committee. The approved period of assistance will be entire period of study at IVS (4 or 5 years) subject to maintaining required level of academic performance.

2.0 FINANCIAL ASSISTANCE / SCHOLARSHIP

2.1 Financial Assistance

This financial help is given in form of an interest free loan to cover up to 75% of the tuition fee. This scheme is for those who have a sufficient income stream but there may be a temporary difficulty as more than one child is receiving higher education or there may have been a momentary hardship in the family.

A parent or guardian is required to give a written guarantee that the repayment of the loaned amount will start after one year from the date of graduation of the student and the whole amount shall be paid within 5 years for undergraduate programme and within 3 years for Graduate programme. Student has to sign a Promissory Note just before graduation to firm his commitment to pay back the received amount in easily instalments.

2.2 Scholarship

Scholarship is awarded to those individuals whose family income is insufficient or where it is felt that repayment after one year of graduation of the student is not possible. Scholarship of up to a maximum of 75% of the tuition fee can be awarded.

The student has to maintain a certain level of Academic performance (GPA of 2.30 in Foundation Year and 2.50 in rest of the years for undergraduate programme and a GPA of 2.75 is required for Graduate Programme) to continue availing Financial Assistance and/or Scholarship.

It is the discretion of Award Committee (Interview Panel) to decide the percentage assistance (up to a maximum of 75% of the tuition fee) as Financial Assistance or Scholarship.

3.0 DESERVING STUDENTS' FUND

In addition to Financial Assistance and Scholarship Gul Muhammad Adamjee (GMA) Fund is also available which can be used for:

- (1) Those deserving students who have not been granted any financial assistance but face a sudden financial crunch and find it difficult to pay either a full or any component of the fee due to a change in their circumstances. These funds not only help students to clear their fee backlog but also give them time to apply formally for the Financial Assistance or Scholarship.
- (2) Such genuine cases who are eligible to receive 75% Financial Assistance/Scholarship but also cannot afford the remaining 25% of the tuition fee.

3.1 Gul Muhammad Adamjee (GMA) Fund

Gul Muhammad Adamjee Endowment Fund has been established with the generous donation from Mr. Aftab Adamjee Trust for facilitating deserving students in their education. Students can be given financial help for the above two mentioned purposes from this fund. However, any assistance given from GMA is treated as an interest free loan which has to be returned as per the same principles defined for Financial Assistance (given above under section 2.1).

- (2) A substantial amount for the fund each year is donated by the philanthropists, companies and IVS well-wishers of the country on the request sent by the Executive Director.
- (3) The School also arranges fund raising events and activities to generate contribution from the community for adding up to the fund.
- (4) A component of the fund is also generated through repayment from students who were benefitted by the scheme during their studies at IVS.
