4.1. UNDERGRADUATE PROGRAMMES

- (i) The regular course load for all undergraduate programmes is 15 to 18 credit hours.
- (ii) In order to facilitate students to graduate on time, students may be allowed to take a course load of up to 21 Credit Hours (one additional course of 3 credit hour). Approval for extra course load will be done after a review of student's academic performance by the Head of the Department (HoD) and the Registrar's Office.

6. COURSE REGISTRATION

6.1. UNDERGRADUATE PROGRAMMES

- (i) All students who have passed their previous semester are enrolled for all regular courses of the next semester by the academic office provided their fee payment is up to date.
- (ii) Students are given the opportunity to select Liberal Arts and Departmental Elective courses through a prescribed process of course selection.
- (iii) Students can enrol for additional courses (see section 4.1 and 4.2) to retake failed courses or to improve grades. Such students must complete registration with the Academic Office before the start of the semester.
- (iv) Based on special needs, students may also opt to take a lower course load. Such a change should be discussed with the HoD and registration should be completed accordingly with the Academic Office before the start of the semester. Going on a lower load will result in the delay of completion of the degree programme. The maximum time of 6 years allowed to complete an undergraduate degree programme (see section 1.2) cannot be extended in any case.
- (v) No student will be allowed to register or make changes in registration after the start of the semester. However, students may be allowed to register or change courses within the first 2 weeks of the semester with special permission from the HoD based on special circumstances. Students may be required to submit relevant documentation regarding their special circumstances.

6.2. GRADUATE PROGRAMME

- (i) All graduate students must select courses in consultation with the Director Graduate Studies and concerned faculty.
- (ii) Full-time students must enrol in 4 courses (12 credit hours) in each semester to graduate in minimum period of 2 years. Going on a lower course load in any semester will change their status to part-time and will delay their graduation.
- (iii) Full-time and part-time graduate students will have to complete their degrees in a maximum of 3 and 6 years respectively.
- (iv) Course registration must be completed before the start of the semester.
- (v) Graduate students can also enrol to retake failed courses or to improve grades. Such students must complete registration with the Academic Office before the start of the semester.
- (vi) No student will be allowed to register or make changes in registration after the start of the semester. However, students may be allowed to register or change courses within first 2 weeks of the semester with special permission from the Director Graduate Studies based on special circumstances. Students may be required to submit relevant documentation regarding their special circumstances.

7. COURSE OUTLINES

- (i) Course outlines for each course offered at IVS are provided to students in the beginning of the semester.
- (ii) The course outline provides detailed information about the course content as well as how the course is to be conducted along with weekly course content.
- (iii) It also mentions the type and number of assessments for the course throughout the semester.
- (iv) It is an agreement between the course instructor and the students.

8. ATTENDANCE POLICY

8.1. UNDERGRADUATE PROGRAMMES

Regular attendance is a prerequisite for achieving good academic performance in a semester-based academic system. It is the responsibility of every student to be regular and punctual in their attendance. The following Attendance Policy is enforced at IVS:

- (i) Students are required to have a minimum of 80% attendance in each course including the final year thesis:
- (ii) This means that for a standard 3 credit hour course offered over a period of 14/16 weeks (theory/studio), it is mandatory for students to attend at least 11/13 classes (an allowance of 3 classes is available).
- (iii) For courses of different credit hours or those courses which are offered as a block, 80% of the total number of scheduled classes/studio sessions is mandatory to attend.
- (iv) A student will receive 'F' grade (fail) if their attendance drops below 80%. Such students will also not be allowed to take part in the final exam / final submission.
- (v) Students are expected to be on time in all lectures, seminars, tutorials, workshops, lab/studio/practical sessions, professional placements and field trips.
- (vi) All late arrivals will be recorded and will become part of the student's official attendance record. Faculty reserves the right not to allow habitual late comers to the class and mark them absent for that class.
- (vii) If a student is absent from a class/studio, it is their responsibility to find out and cover material that was missed. The course instructor reserves the right to refuse help to students who miss classes/studios regularly.
- (viii) If a student is expected to miss a class due to any official participation in curricular and co-curricular activities representing IVS, it is the responsibility of the student to submit an official authorization from the HoD / Registrar's Office to the course instructor prior to the absence.
- (ix) Minor illnesses, personal urgent work, and religious obligations (performing Umrah/Hajj) shall be covered under the 20% allowance given in the Attendance Policy. However, in case of extreme mitigating circumstances, leave under special consideration may be given.

8.1.1 SPECIAL CONSIDERATION

Special consideration for any absence beyond the 20% allowance is only applicable in the following cases:

- (i) serious illness involving hospitalization of the student.
- (ii) death of an immediate family member.
- (iii) any other serious mitigating circumstances beyond the control of the student (to be assessed and approved by the School).
- (iv) Merely submitting a request for special consideration does not automatically mean that the application has been approved.
- (v) Special consideration shall only be given upon providing sufficient documentary evidence.

8.1.2 APPLICATION PROCESS FOR SPECIAL CONSIDERATION

- (i) Application for special consideration must be submitted in writing to the Head of the respective department/programme within 3 days of re-joining the School.
- (ii) The application must be supported with necessary certified official documentary evidence (such as medical records, hospitalization records, death certificate, etc.).
- (iii) The application should clearly indicate the affected courses along with dates/deadlines associated with these courses.

8.1.3 POSSIBLE ACTIONS OF SPECIAL CONSIDERATION

- (i) The application may be disapproved if:
 - (a) the student fails to provide sufficient documentary evidence required for special consideration.
 - (b) the mitigating circumstances mentioned by the student are not considered serious enough by the School to be considered for special consideration.

- (ii) No action may also be taken if the student has already passed the concerned course from the assessment completed during the session and it may not be deemed necessary to grant the student additional assessment.
- (iii) The deadline for assessment may be extended.
- (iv) Marks obtained for completed assessment tasks may be aggregated or averaged to achieve a grade.
- (v) Additional assessment(s) may be given which can be different from the original assessment(s). If a student is granted additional assessment(s), the original assessment(s) may be ignored at the discretion of the course instructor. Consequently, a revised grade based on additional assessment may be higher or lower than the original grade.

8.2. GRADUATE PROGRAMME

- (i) Students are required to attend all their scheduled classes. Excessive absences (more than two per course) and/or tardiness will be reflected in the grade awarded.
- (ii) Individual faculty members may specify more stringent attendance policy and may not allow any absences. Based on individual faculty member's policy, students' leave applications may be accepted only in extreme or unforeseen circumstances.
- (iii) In case of absence or leave, students must make up for missed classes and course requirements on their own. Faculty members notify students about the attendance policy at the first meeting of their course. However, it is the student's responsibility to find out the policy for each class. In extreme cases students may be asked to disenroll from the course(s) they are regularly absent from.

9. ASSESSMENT

- (i) Continuous assessments for each course are taken throughout the semester and contribute towards the overall grade for that course.
- (ii) The assessment methods vary from course to course depending on the nature of the course (theory or studio) and may include projects, assignments (studio or theory based), quizzes, tests, final examination, projects, etc.
- (iii) The type and frequency of assessments for each course are mentioned in the course outline that is shared with students at the beginning of the semester.

11. COMPUTATION OF SEMESTER RESULTS

11.1. GRADE POINTS

Grade Points earned by a student for each course are calculated by multiplying grade points obtained in that course against the letter grade, by the number of credit hours of that course. Total grade points for all courses taken in a semester is the sum of grade points of all courses taken in that semester.

11.2. GRADE POINT AVERAGE (GPA)

The Grade Point Average (GPA) of a particular semester is obtained by dividing the total Grade Points earned in a particular semester by the total Credit Hours taken during that semester.

$$\text{Grade Point Average} = \frac{\text{Grade Points earned in a semester}}{\text{Credit Hours taken in a semester}}$$

IVS follows a 4-point GPA scale ranging from 0 to 4.00

11.3. CUMULATIVE GRADE POINT AVERAGE (CGPA)

The Cumulative Grade Point Average (CGPA) at any stage of studies is obtained by dividing the total number of Grade Points earned by the total number of Credit Hours taken.

$$\text{Grade Point Average} = \frac{\text{Total Grade Points earned}}{\text{Total Credit Hours taken}}$$

The Cumulative Grade Point Average (CGPA) also ranges from 0 to 4.00

12. INCOMPLETE GRADES (I)

- (i) The incomplete grade "I" can be awarded by faculty for both studio or theory courses not completed due to exceptional circumstances beyond the control of a student such as serious illness, accidents, family tragedy, etc.
- (ii) The faculty will review the case in consultation with the Head of the department and will allow the student to complete the assigned work within the specified deadline (within two weeks into the following semester). Subsequently a letter grade will be awarded by the faculty. It is the responsibility of the student to ensure that the assigned work is completed within the specific deadline, failing which the 'I' grade will automatically be converted to 'F' grade meaning 'Fail'.

- (iii) A student can be awarded any grade in accordance with the grading policy based on the quality of the work.
- (iv) A student can be given an 'I' only once for a course.

13. PROMOTION TO NEXT SEMESTER (UNDERGRADUATE PROGRAMMES ONLY)

- (i) A student who receives an 'F' grade in any studio course of 3 or more credit hours will be considered to have failed the semester and cannot be promoted to the next semester.
- (ii) A student who has more than two failed theory courses (LA and departmental courses combined) or combination of more than 2 failed theory and studio/ lab courses of less than 3 credit hours is also considered failed and will not be promoted to the next semester.
- (iii) For the cases mentioned in sections (i) and (ii), student will have to repeat and pass the failed studio and/or theory course(s) offered next year before being promoted into the next semester.
- (iv) The course fee for repeating any studio or theory course(s) will be charged per credit hours at the prevailing rates.
- (v) A minimum CGPA of 2.00 is required at the end of each semester to be promoted to next semester (see section 14 on Academic Probation).
- (vi) A Student failed in courses offered in Spring semester may be able to repeat and clear the failed course(s) during the Summer session (if offered) and can get promoted to next Fall semester if the student gets out of the cases mentioned in sections (i) and (ii) above.
- (vii) No student will be promoted into the final semester (10th for Architecture and 8th for rest of the programmes) if the CGPA of the student is less than 2.00.
- (viii) A student even with up to two failed theory course is allowed to continue into the final semester (10th for Architecture and 8th for rest of the programmes) to undertake the thesis. However, such a student will not graduate until all failed courses are cleared and other degree requirements are met.

- (ii) A student promoted on probation due to an Incomplete or 'I' grade will have to pass that course within two weeks into the new semester, failing which the student will be considered to have failed and is dropped out of the current semester.
- (iii) A student promoted on Academic Probation must obtain a minimum CGPA of 2.00 to be promoted to the next semester, failing which the student will go back to the previous semester and will have to repeat that semester/year.
- (iv) The student cannot be promoted to the final semester on Academic Probation (10th for Architecture and 8th for rest of the programmes).

14.2. GRADUATE PROGRAMME

- (i) Graduate students are placed on academic probation if their CGPA falls below 2.50 but not less than 2.30. They are removed from academic probation when their CGPA returns to 2.50 or higher.
- (ii) A student on probation due to an 'I' grade in core or studio course must pass the course within the specified deadlines, failing which the student will be considered to have failed and is dropped out of the current semester.

- (iii) A full-time student cannot have consecutive probation in the graduate programme. Whenever a graduate student's CGPA decreases below 2.50, he/she is placed on probation for the next semester.
- (iv) If a full-time student is unable to obtain a CGPA of minimum 2.50 after being placed on Academic Probation, he/she may be considered for academic disenrollment. A student, full-time or part-time, with a CGPA of less than 2.50 will not be allowed to undertake thesis.

21. INTERDEPARTMENTAL TRANSFERS (UNDERGRADUATE PROGRAMMES ONLY)

Admission to IVS is granted strictly on merit. The merit list for each programme is determined based on candidates' Admission Portfolio and Interview results. Successful applicants are admitted into the first programme of their choice. Those who fall short of their first choice and qualify for the second-choice programme are then accepted to their second choice.

All students admitted to IVS on either on their first or second choice programmes can apply for interdepartmental transfer as per the policy mentioned below. Transfer applications have to be submitted at the end of the 2nd week in the Fall semester and will be processed on the basis of this policy.

21.1. CRITERIA

 - (a) Student's portfolio from the 1st semester.
 - (b) Interview with departmental panel.
- (ii) In case there are more applications than the available seats, transfers will be decided in order of the merit list, created based on above criteria.
- (iii) The decision regarding the interdepartmental transfer application will be communicated to the student in writing and shall be considered final.

21.2. ELIGIBILITY
